Afin de limiter l'encombrement des chariots voile affalée, il est possible de panacher les modèles de chariots sur le rail réf FR25x15.
Exemple: chariot tétière FT20 + chariots lattes FL20 + chariots intermédiaires Fi10
For a more compact "Facslide", it is possible to mix car models on FR25x15 tracks (example: FT20 + FL20 + Fi10 cars)
